Oh, come on and give it up now

Don't stop now

Give me sunshine and give me rain

Give me a love, baby, that feels insane

Show me the magic that I can't ignore

Days and nights of you wanting more and more Can't
stop now

Can't get enough

Of your joy and your pain and your tender touch

Keep me going 'till I tell you to stop Got you moving so
come on, give

it up

It's a lovely day because you are mine Can't be a better
place or a

better time

So give your love to me, do it ready to drop Don't waste
my time...

Chorus:

Oh, come on and give it up now

(give me just a little)

Don't stop now

(give me just a little)

You got me wanting more and more

Of this precious love,

I've been waiting for So give it up now (give me just a little)

Don't stop now

(give me just a little)

You got me spinning around and around Oh ooh oh,
baby, turn upside

down

You got me up now feeling good

Showing me love, that's understood

Giving me magic that I can't ignore

Days and nights of love wanting more and more

It's a lovely day because you are mine Can't be a better
place or a

better time

So give your love to me, do it ready to drop Don't waste
my time...

(Repeat Chorus)

You got me spinning around and around Oh ooh oh,
baby, turn upside

down

You got me spinning...

You got me spinning...

Show me the love now...

Don't stop now...

(Repeat Chorus)
