I know something about you (3X)

I know,I know

I know something about you

I know,I know

You walked into the room

and all of sudden I knew

I'd seen this film before this was deja-vu

I know something about you,stranger,stranger I know
something about

you,danger

danger,danger,danger,danger,danger

You danced out of a dream

I couldn't stop staring at you

we'd both been here before this was deja-vu
