I wont let you let me down  
I wont let you let me down  
DonÂ't gimme no lip  
Or breathe a sound  
I wont let you let me down

You couldnÂ't sell me out  
Not this time around  
All the tales you tell  
You cant hide from this hell

I wont let the sun burn out  
I wont let that truck run me down  
DonÂ't gimme no lip  
Or breathe a sound  
I wont let you let me down

All you planned was grin  
Tried to dig right in  
You couldnÂ't sell me out  
Not this time around  
All the tales you tell  
You cant hide from this hell
