Save a dance for me,  
I'll take the card that's free  
You're my kindred, my kindred.  
Everything you'll ever need,  
I give to you for free,  
You're my kindred, my kindred.

Now I bind you to me  
Now I hold you to me  
Now I keep you with me  
Always.

If you should ever fall,  
Don't be afraid at all  
You're my kindred, my kindred.  
Though you loose faith in me  
Faithful I'll always be  
You're my kindred, my kindred.

I sense the need in you  
You see the need in me  
You're my kindred, my kindred.  
If you should fall from grace  
I shall restore your place  
You're my kindred, my kindred.
