You'd like to know you'd like to know you'd like to know
you

You'd like to say you like to say you like to say you

You like to think you like to think you like to think you

You'd like to know you'd like to know you'd like to know

Who do you think you're fooling

You're number one, number one

My number one

You're on your own you're on your own you're on your
own you

You're pulling through you're pulling through you're
pulling through you

You think you can you think you can you think you can
you

I know you can with a helping hand I know you can
