"White Horsie"

In solitary devilment
We find solace, but bring me heart's content
Masochistic tendency
I'll stay
Deliver me

Deliver me
I'll, deliver me

Deliver me
I'll, deliver me

With predatory resonance
Regularly begin this dark descent
With realistic urgency
We dance ballistic
Deliver me

Deliver me
I'll, deliver me

Cast off monastic livery
Although weary greedily relent
In light fantastic lay me down
Can't resist it
Deliver me
