(Brewster-Neeson-Brewster)

Do step inside it, you're all invited,
you'll get excited when you see where we've gone,
high over starred seas, I do what I please,
no one to ask me why I've gone, why I've come
Dreambuilder build a dream for me, bulid me a dream
so that I can see,
dreambuilder, build a dream for me
You take me places, you show me faces
you leave no traces when you're gone,
high over starred seas, I do what I please,
no one to ask me why I've gone, why I've come
Dreambuilder build a dream for me, bulid me a dream
so that I can see,
dreambuilder, build a dream for me
Look at my baby, she's such a lady
she don't say maybe, when she sees where we've gone
high over starred seas, I do what I please,
no one to ask me why I've gone, why I've come
