Riding on a lucky wheel of seventeen  
I think I'm gonna live to be a hundred and three  
Feel like wild card, what you say?  
A slice of the night, gonna come my way

Walking through the city, I'm a king of surprise  
My midnight champagne's ready on ice  
It's Saturday night, I got nerves of steel  
I can roll all night on a roulette wheel

Let the night roll on  
I'm looking for hell  
Let the night roll on  
I'm making a kill

It's Saturday night  
I've waited so long  
Let the night roll on

Playing along with the rest of the world  
Saxophone women, satisfied girls  
I'm a wound-up string on a violin  
The future's gonna take me where I've never been

I could be naked Sunday with nothing to wear  
I wouldn't know it, I wouldn't care  
It's Saturday night, I got nerves of steel  
I can roll all night on a roulette wheel

Let the night roll on  
I'm looking for hell  
Let the night roll on  
I'm making a kill

It's Saturday night  
I've waited so long  
Let the night roll on

(Let the night roll on)  
I'm looking for hell  
(Let the night roll on)  
I'm making a kill

It's Saturday night  
I've waited so long

(Let the night roll on)  
(Let the night roll on)  
(Let the night roll on)  
Looking for hell  
(Let the night roll on)  
Making a kill
