Bought me a box of french cigars, bought me a black  
beret  
Get my french from a girl next door, teaching me night  
& day  
Got me thinking 'bout the south of France, vis-a-vis  
vous  
Pack my suitcase, take a chance -- got nothing to lose

Gimme the sound of the rolling dice  
Gimme a whiskey, don't think twice  
Deal me the card that takes my blues away  
Take me away to Marseilles

Fast train, jet plane, money to burn, don't ask the  
reason why  
Drinkin' champagne, playin' cool, don't even have to try

Gimme the sound of the rolling dice  
Gimme a whiskey, don't think twice  
Deal me the card that takes my blues away  
Take me away to Marseilles
