Are you still hanging out, still not making out

doin' well without me

you said you'd take it all and dared the axe to fall

I guess you're never coming down babe

Baby, out of the blue

Baby, out of the blue

Are you still running free, still got your master key

I thought you'd seen it all before

you said you're satisfied, but you laid down and died

can you see it all coming true for you

Baby, out of the blue

Baby, out of the blue

Baby, out of the blue

Baby, out of the blue

I saw you yesterday, your covers blown away

but you're still holding out for more

you touch your pleasure throne and wait for someone
to adore you

Baby, out of the blue

Baby, out of the blue

You said you're satisfied but you laid down and died
can you see it all coming true for you
you're not the only one, just look what you've become
there's a million more like you babe
