"Walk Away"

Visit "[Walk Away](#)" on MotoLyrics.com

I can't give you everything
Cause you are wearing that diamond ring
I know you gave yourself to another
And I can't handle being only your lover

Walk away
Close the door
Walk away
Strike the chord

Another place and another time
You and I'd be walking that line
This is one of those times to just let go
Better off alone than on that road

Walk away
Close the door

Walk away
Strike the chord

It's not that I wouldn't love to find you
But I'm not the one who can unwind you
And I can't help put myself in his shoes
I already got enough of them karma dues

Walk away
Close the door
Walk away
Strike the chord
