It was love at first sight  
When I saw him on  
The corner that night  
He was standing  
With a bunch of guys  
There's something 'bout  
The boy that caught my eye

Wow wow wee and wow wow wee  
Oh, yeah, the handsomest boy  
That I ever did see  
Wow wow wee and wow wow wee  
Oh, yeah, I had to get  
Him to notice me

I walked by the corner  
Nice and slow  
He looked me over  
From head to toe

It worked like a charm  
I was getting my wish  
Cause he was swallowing the  
Bait like a hungry fish

Wow wow wee and wow wow wee  
Oh, yeah, the boy looked good  
And he looked at me  
Wow wow wee and wow wow wee  
Oh, yeah, he sure is  
The boy for me

I smiled at him  
Then he turned away  
I kept walking  
Till I heard him say

Hey little girl  
Where you going  
Said it's nobody's business  
But mine alone, yeah

Wow wow wee and wow wow wee  
Oh, yeah, that boy  
Started following me  
Wow wow wee and wow wow wee  
Oh, yeah, my plan's  
Working perfectly

Now we're together  
All the time  
He'll never know  
How I made him mine

I let him keep thinking  
That he picked up me  
But I'll know different  
Wow wow wee

Wow wow wee and wow wow wee  
Oh, yeah, that's the way  
It was meant to be  
Wow wow wee and wow wow wee  
Oh, yeah, I like to keep  
The boy following me

Wow wow wee and wow wow wee  
Oh, yeah, that's the way  
It was meant to be  
Wow wow wee and wow wow wee  
Oh, yeah, I like to keep  
The boy following me
