[ VERSE 1: Antoinette ]

Ain't I something? So many rappers wanna get me  
They stand in front of me and can't hit me  
So sling, hm, I just love it  
And if you're jealous, I think nothin of it  
Cause with me, you can't mess with  
You wanna try this? That's a death wish  
And survival is unrealistic  
And if you're broken up, let me fix this  
Matter of fact, I can't let a rapper win  
I ain't re-run, that ain't happenin  
They try to sample me everyday somehow  
And try to dis this? Ts.. come, come now  
Why move in my direction?  
Play it safe, get some protection  
Silly rabbits, they bring a condom  
So I laugh, and then I bomb them  
Bring the bomb squad, I'm a time bomb  
I explode, even when I rhyme calm  
Takin titles, what is that, some type of joke?  
Oh - I hoped  
Cause if it was, you'd be in trouble  
Hurry, quick, move on the double  
In this rap game you're a reject  
So make like a tape and eject  
Now there, don't try to play bold  
Half-step to Antoinette, you shake, rattle & roll

[ male voice whispering ]

(Knock em out, come on girl, knock em out  
Knock em out)

Shake, rattle & roll

(Knock em out, come on girl, knock em out  
Knock em out)

[ VERSE 2: Antoinette ]

We can do this, cause you're child's play  
Don't toy me, or must I say  
Yo, break north, step back one

Hold your eye, or it'll be a black one  
So get Red Cross, cause that's your need  
And as for me, I'm a rapper of a raw breed  
You wanna move on, then move quick  
Who's the best? Let's see who you've picked  
Ts, ts, ts... go get her  
Bring two, we're havin double head up  
It's such fun puttin two heads out  
Yo G Off, get a few ???? out  
Cause they believed the hype and  
Now they'll be wipin  
Up the mess I left behind me  
I lose myself so they can't find me  
Now the Gangstress is at large and  
You're a private and I'm a sergeant  
So troops, it's time to get fresh  
And follow Antoinette as I do the Kick Step

Shake, rattle & roll

(Knock em out, come on girl, knock em out  
Knock em out)

Shake, rattle & roll

(Knock em out, come on girl, knock em out  
Knock em out)

[ VERSE 3: Antoinette ]

(Ready?) I'm ready as I'll ever be  
I use deodorant, but some still sweat me  
But I stay calm with a smooth tone  
Hurry quick, buy a tombstone  
Cause playin is somethin that I don't do  
Make my day, why won't you?  
I'm the host, but this ain't a game show  
That only takes place over the rainbow  
I chase chuckwagons, let's get so  
You're like my pet, so play petro  
Save Chuck for the wagon, it fits  
Amongst all the pieces of kibbles and bits  
Cause I'm good (ahh) to the last drop  
Of course, I just can't stop  
And stardom is where I'm destined  
In this profession, yup, I'm the best in  
You're still riffin? Yo, bank that  
Hit the side door before I spank that  
Stop scrappin, huffin and puffin  
Sorry, Sally, you ain't sayin nothin  
Much, you can't school this  
And if you thought so, that's quite foolish

So remember, don't try to play bold  
You half-step to Antoinette, you shake, rattle & roll

(Knock em out, come on girl, knock em out  
Knock em out)

Shake, rattle & roll

(Knock em out, come on girl, knock em out  
Knock em out)

Shake, rattle & roll

(Knock em out, come on girl, knock em out  
Knock em out)

Shake, rattle & roll

(Knock em out, come on girl, knock em out  
Knock em out)

(Knock em out  
Come on, knock em out  
Knock em out  
Knock em out  
Come on girl, knock em out)
