Ahh.. uh uh I'm tired of arguing girl
I'm tired I'm tired I'm tired huh
I'm tired of arguin girl
I'm tired I'm tired I'm tired huh
I'm tired of arguin girl
pricky pricky pricky pricky baby girl

[Aaliyah]
Did you sleep on the wrong side?
I'm catching a bad vibe
And it's contagious
What's the latest
Speak your heart, don't bite your tongue
Don't get it twisted, don't misuse it
What's your problem?
Lets resolve it
We can solve it, what's the causes?
It's official, you got issues
I got issues, but I know I miss you

[Chorus]
Am I supposed to change? Are you supposed to
change?
Who should be hurt? Who should be blamed?
Am I supposed to change? Are you supposed to
change?
Who should be hurt? Who should be ashamed?
Am I supposed to change? Are you supposed to
change?
Who should be hurt? Will we remain?
You need a resolution
I need a resolution
We need a resolution
We have so much confusion

[Aaliyah]
I want to know where were you last night?
I fell asleep on the couch, I thought we were going out
I want to know were your fingers broke?
If you had let me know I wouldn't have put on my
clothes

I want to know where'd you go instead?
Coz it was four in the morning when you crept back in
the bed
I want to know what was in your head?
Or what was in my head? Am I supposed to change?

[Chorus x2]

[Aaliyah with Timbaland at end of each line]

Baby let me know, You'll let me know (I will)
You'll let me know, you'll let me know (I will)
You'll let me know, you'll let me know (I will)
You'll let me know, you'll let me know (I will)
You'll let me know, you'll let me know (I will)
You'll let me know, you'll let me know (I will)
You'll let me know, you'll let me know (I will)
You'll let me know, you'll let me know (I will)

[Timbaland]

Girl, holla...

You give me bits and pieces

You tryna blame me when I don't even know the reason

I think it's just the season, maybe the month, maybe
the dealing

Now tell me what's the reason? Snoop video? Looks are
deceiving

So, cut the crying, Cut the coughing, cut the weezing
girl

Quit the blaming, Cut the naming, Cut the sleeping girl

I think you need some prayer, Better call the deacon
girl

So get your act right or else we won't be speaking girl

So what's it gonna be (pricky pricky) Me and you?

Or is it gonna be who blames who?

I'm tired of these things, I'm tired of these scars

I think I'm gonna get me a drink, I'll call you tomarr',
whoa

(*music fades*)
