Chorus: Fingazz

Baby girl

I wanna let you know that you are

Looking good

And I wanna get to know you better

Baby girl

And you can make a wish on a star

Like me

You'll see

I can fulfill all your fantasies

Pre-Verse: Mr. Sancho

Baby girl

Yo, mami

Ain't no one in here, doin' it big like me

Baby girl

And you might be

The only one in here that gets to leave with me

[Verse 1: Mr. Sancho]

Mami

I can feel you starin' at me from across the room

Your juicy lips call my attention, and it's all to the good

What's up, ma, let me buy you a drink

Get to the back

V.I.P. is how we're livin', ma, we do it like that

I like you

Why don't we spend some time

Get to know each other better so that you can be mine

So fine

Let's take our time

Only here for one night, girl, do you wanna be mine

Repeat Chorus

[Verse 2: Baby Bash]

Pop the corks, on the bubble, it's about that time

For me and you to get together like Corona with lime

You so fine

Blessed with a big behind

Let's elevate and celebrate

Cause you know we gon' shine  
Hop in the chrome  
My grand daddy purple is blown  
And tell that huero who be stalkin' you to leave you  
alone  
It's all good  
Separate the real from the fake  
It's all good  
Come live on the hill with the lake  
You know it's nothin' for me to keep, you blessed and  
laced up  
You like it from the back  
But you love it face up  
Uh hun  
Fly like the heavenly breeze  
Uh hun  
Da-da-da-da-da-da-da-da-da-da I mean

Repeat Chorus

[Verse 3: Frost]

S'up, ma  
You lookin' so fine  
Can you spare a moment of your precious time  
What will it  
Take, girl, to make you mine  
I could lace you up, girl, and make you shine  
Anything you want to do, girl, I'm cool with  
I wanna get it on with you, girl, I'll prove it  
If you wanna roll with me, then let's do this  
Girl, I can't wait to see, how you do it  
We can get blown  
And take another shot of Patron  
We leave the club so we can be alone  
Two days later, girl, I'm taking you home  
She lovin' me, steady blowin up my phone

Repeat Chorus

[Fingazz]

Baby girl
