[Ken Dawg]

It's Mo Thug, it's Ken Dawg  
Let me lean on in your mind  
Hit you one time  
See, here it's Ken rollin' off this Hen  
I got to do this shit again for these niggas  
Who didn't think Ken was bringin' work  
But now I got your eyes open, now, busta, stay alert  
Prefer to smoke that hitter  
Yeah, wig splitter, take two hits and pass  
'Cause it's that two hitter quiter  
Did I hear a busta hatin'?  
'Cause he's violatin'  
Why I got playas all around in my face fakin'  
Mistakin' me for a fake?  
Playa knowin' I ain't  
I can't do that type of sucka shit  
'Cause I'm 'bout bank  
Rollin' with a click that's straight puttin' it down  
Playa get your smoke on to that Mo Thug sound, right

Nuthin' but the playa in me  
It's nuthin' but the playa in me

[Ken Dawg]

You heard me puttin' it down from the C-Town  
Playa, we heatin' niggas up, roll with click of playas  
We're real street figures  
Beat hustlas down if you ain't got my paper  
And if there's no intention of payin' me  
I'm a have to fade you, that's real  
So, gon' and take it for what it's worth  
Playa hatin' fellas on the outskirts  
Mad a nigga done came up and did his thing  
Now the topic of conversation is Ken Dawg  
Now, playa, if you lookin' tight  
Then I'm gonna give you P's  
I wish all of the playa haters would follow me  
Rollin' high, passin' by, my mind will fly  
The stress is far behind, and don't ask why  
I'm Ken Dawg, my brothers, don't I'm trying to deal

Every time I hit ya, I'm spittin' real shit  
Real hits, so, y'all, go on and relax, (y'all)  
All laid back in all them Cadillacs, right

Nuthin' but the playa in me  
It's nuthin' but the playa in me

[Ken Dawg]  
It's nuthin' but the playa in me at all times  
I'm floatin' through the city in the droppin' twenty-five  
I know y'all feel me  
Don't spill the Henessey  
'Cause then you're gonna have to see me  
Naw, I can't get like that about no drink  
But I can get like that about my bank  
And I be sayin' shit to make these niggas flip the script  
hear the hit, and that must've been it  
I'm in it to win it, don't be P.O.in' on me  
Rollin' through this madness all lonely  
Niggas is actin' phony  
Don't be like them regular competitors  
Stressin' 'bout them tricks on the regular  
I'm Ken Dawg, I'm doin' it to you right (right)  
Every time I put it down  
It's all tight (it's all tight)  
We all high, we all high  
Lit up, lit up, lit up  
So, go on and get your hands up  
Nigga, what?

Nuthin' but the playa in me  
It's nuthin' but the playa in me  
It's Mo Thug it's Ken Dawg  
It's ?  
Yeah
