[Intro: Frukwan]

Mmm, mmm, peace queen, how you be?  
You know, I've been acknowledgin'  
Kind of adaptin' off the science  
Know what I'm sayin?  
It's different slaves and moves  
Different ways you groove  
You know I'm feelin' that  
It's givin' me energy right now, to radiate  
So I gotta represent for you queen  
Know what I mean, for real  
Just knowledge that, I'm peepin' the science, yo

[Frukwan]

Go head boo, see you do your thing  
I ain't mad you be cussin', showin' off your thing  
Semi grind like earth, deep routed from birth  
Under sisters in condition, loose their position  
You got off, sudden the boats, failin' the check  
I don't mean to disrespect, overprotect  
Extravagant wine, candle lights and refinement  
Night cruise the block, your mother like a fox  
I keep your box damn firm, any other preturn  
And the pew recognize, together we build  
Motivated yo, you keepin it real, it's off the wall  
Shine life from the livin' God, how's that  
My back bone, my protection  
I give your loved one twenty and affection  
Any other is chores, provide it for the cause  
Yo baby, I'm yours

[Chorus 4X: Frukwan]

Ain't nothin' like a strong woman by my guard  
Liftin' my head when times is hard

[Frukwan]

Princess of Arabia, truth be lie  
Comin' to you with a vision that I felt inside  
They dig us for gold, but here to let you know  
Heres a let down, teach a brother move slow  
Don't need a woman to chase star struck brothers to

fuck

Legal divorce, have his baby take him to court  
Buildin' hatred and want to escape, or hesitate  
Think twice, when only one rollin' the dice  
If I was sick, you was rubbin' me down  
Each and every conflict, you was holdin'â, -â,,ç your  
ground  
I'm feelin' that, one in a mil', boo, for real  
So many to choose, you saved me  
Gotta give my life to you  
Homin' abroad connect, never loosin' a threat  
How a loser even come close to forget  
Adolescent throw me a rope to clear  
When your near, the bad thoughts disappear

[Chorus 4X]

[Frukwan]

If love was a crime, penalty is death  
But the love for my boo is all a brother got left  
Baby gotta give me strong support, last resort  
Anything I'm fortunate, I'm settin' it off  
Only come once, take no shorts, this ain't a game  
It's only one brother shapin', moldin' that frame  
Brothers wanna disrespect, penalty is death  
That's enforced from the bomb we possess  
If I ain't enlified by your fur, diamond rings, Rolex  
Seven day cruise, chillin' in the house and sex  
Rather than that, devoted to fidelity, rhythm and  
melodies  
Massage you curve, match my fur  
The fact is the time we both go broke  
And ain't got, and end up in a cardboard box  
I wouldn't care boo, wouldn't give a fuck yo  
Long as your there, got my back (Yeah) I got your back

[Chorus 8X]

[Outro: Frukwan]

Yo, check it out, peace to the earth  
The mother of civilization, word  
I got your back, you know  
You gotta dig deep within yourself  
You know what I'm sayin?  
And make sure and represent yourself as a treasure  
Don't be so easy led to be open  
Know what I'm sayin? For real  
Make yourself worthy of being a prize, word  
Know what I'm sayin? And keep it real  
Know what I'm sayin? For real  
I ain't playa hatin' or nothin', but yo

Whats right is right, whats wrong is wrong  
Now, lets get it on
