So don't go selling your memories to try get rid of me,
To try get rid of me.
And don't tell me how bad I've been to try get rid of
me,
To try get rid of me.

Don't say it's about those times
And don't talk to me in rhymes
And don't use those faithful words they say
Cause bye bye today.

So don't go changing your clothes and hair to try get
rid of me,
To try get rid of me.
Don't go making some new best friends to try get rid of
me,
To try get rid of me.

Don't go changing your favourite song
So I get the new one wrong
Say I don't pay attention to a word you say
Cause bye bye today.

And I've been waiting far too long wondering what's
wrong
What's happening here and where I may fall
Look for reassurance but there's none at all.

Cause bye bye bye today.

So you got rid of all my things and then you got rid of
me,
Then you got rid of me
Told me to move out of this place and then you got rid
of me,
So you got rid of me.

Don't say it's you and not me
Oh please please please speak truthfully
Please don't use those faithful words they say
Cause bye bye today.
