Just because you'll always be
Miles ahead of me
I don't see why I shouldn't try
To catch up with you

'Cause in my mind a thousand times or more
I've been there before
There's nothin' I can see
That will stop me, believe me

Our time will come
An' I don't think I will let another chance
Pass me by

Our time will come an' I don't think
I will let another chance
Pass me by

No, I don't want you to get bored
Like you have a thousand times before
Give me some time
Just to show that I am up to it

Our time will come
An' I don't think I will let another chance
Pass me by
Our time will come an' I don't think
I will let another chance
Pass me by

There is something that can be done
To bring us back together as one
There is something else I can do
That's why I'm sending this message to you
I will try another thousand times
To bring us back together as one
I will try another thousand times
Till you decide to change your mind
I will try another thousand times
To bring us back together as one
I will try another thousand times
Can you decide to change your mind?

I will try another thousand times
I will try another thousand times
To bring us back together as one
I will try another thousand times
Till you decide to change your mind
