Love is all around
Love is all around you
Love is all around
You don't pay attention, do you?
Love is all around
Love is all around you
Love is all around
There's not much you can do

No, you don't understand
Hide your head in the sand
What a stupid thing to do
You don't see what others think of you
Sinking in the quicksand
Your happiness comes in cans
You know it isn't true
Aren't you ready for something new?

Take a look around
I'm the one behind you
Lost in the background
Like a faded tattoo
Can't you hear the sound
Of a heart going underground
Can you hear the sound
Of your heart going underground

No, you don't understand
Hide your head in the sand
What a stupid thing to do
You don't see what others think of you
Sinking in the quicksand
Your happiness comes in cans
You know it isn't true
Aren't you ready for something new?

No it's not over
You'll find something better
No, you don't understand
Hide your head in the sand
What a stupid thing to do

You don't see what others think of you
Sinking in the quicksand
Your happiness comes in cans
You know it isn't true
Aren't you ready for something new?
