What have I gone and done?
I guess it didn't take me too long
I must have been blinded by the sunshine
Now I've got shivers up my spine
And the cocktails took their toll
I almost drowned in the punchbowl
I made a fool of myself
I wish I was somebody else

Chorus:

Won't you come around
I wanna hold you
Won't you come around
I'm dying to see you
Wish I could find a way to say I'm sorry now
Instead of feeling sorry for myself
Won't you come around

It's hard to stand on this sandy ground
It's like I'm walking on a merry-go-round
I know why you're mad at me
And I know it's not temporary
Tonight I will climb over your bungalow wall
I don't care what happens if I fall
Just to make things right with you
You know that's all I want to do

Chorus

I'm not sure I can stand it if you change your mind
I don't think I can wait if you need some more time
Oh won't you come around
What goes around, comes around

-Hi Zav, What's going on?

-Hey Tim

You know everything was perfect now I've said
something stupid, she won't even talk to me. What
should I do?

-Man, you gotta get over there and tell her you love her

-You think so?

-Sure

-Alright man, sorry I gotta go, right now

Chorus
