"Ear To The Ground"

Oh it took me quite a some time
To find out what the fuss was all about
I'm not sure I can tell the difference between good and
bad
I just happen to know that what you did wasn't right

It's better to stay away
From games you don't know how to play
And when you notice it's too late anyway
Cause they change the rules day after day.

Oh I can't believe how far I went
To fine out what teh bell was going on
I'm pretty sure that you must, you must have cross my
path
But I missed you I was looking for someone I knew

It's hard to stay awake
When all you wanna do is slip away
So you keep an ear to the ground
Until all your demons come running around
Running around
