"White Noise"

Making white noise
You t-shirt collector
Faking your poise
Like so many others
Do it for fun, just throw another ball
Son of a gun, your head's against the wall

Dropping your pose
Another blurred picture
You're smart as a tortoise
Stuck in an elevator
Nowhere to run, just wait for someone to call
Son of a gun, your head's against the wall

Chorus:
Ooh, ooh, here you go again
Ooh, ooh, shopping for some friends
So you felt a little lonely
Saw the light and joined a band
So you'd never have to worry
About the big bang at the end

Hang on to your toys
Beware of the plastic boys,
They're coming at u faster
Faster than an alligator
Look at the sun, how long will it take to fall
Son of a gun, your head's against the wall

Chorus

You think about the past
You never thought you'd fade so fast

Chorus
