Things a get from bad to worse everyday
Things a get from bad to worse everyday

We were all looking for a change
But no changes seems to be made
We were all looking for a change
But no changes seems to be made

Things a get from bad to worse everyday
Things a get from bad to worse everyday

You think you had it hard last year
Well, you better tighten up your belt
And dress appeal yourself
For I, this I hear, my love, yeah

Things a get from bad to worse everyday
You know, see, see
Things a get from bad to worse everyday

You think you had it hard last year
Well, you better tighten up your belt
And dress appeal yourself
For I, this I hear, my love, this I hear, my love
This I hear, my love

You know, see, see
You know, see, see
You know, see, see
