Walking down the street
Looking for some heat
The girl of my dreams
Looks at me for the first time
Rushes to me and asks me what time
What time to pick her up
On the Friday night of the dance
Its the sweetest thing of my life (2)

Working so hard
Just wanna die
I picked her up
Took her out for a dinner
She dropped her napkin
I went to get it
I saw it, The The sweetest thing

The sweetest thing
I love it
The worlds sweetest thing
Just wanna get it
I had it but lost it

The night on Friday
We dance are night away
Waiting for tonight at the party
To get wat I wanted for a long time
The thing I wanted
After the prom
We went to the party
We went to a bedroom
Locked the door
The sweetest thing (2)

I fanilly got the sweetest thing I ever dream
The sweetest thing
