I've been here before  
It's hard to ignore  
I'm so used to fighting  
The same old wars

Oh what do you see when your looking at me  
Have I taken you for granted  
I can't afford this pain anymore  
Won't you help me understand it

God can you hear me  
I need you here tonight  
I'm tired of pretending that every thing's alright  
And I know, I know that you hold tomorrow  
But I need you here tonight

I want to feel  
I need something real  
I want to go closer to you  
I lay down my will

Oh this human disease yeah it's killing me  
Tell me have I been left stranded  
I can't ignore this pain anymore  
Won't you help me understand it

God can you hear me  
I need you here tonight  
I'm tired of pretending that every thing's alright  
And I know, I know that you hold tomorrow  
But I need you here

Say won't you say that  
You'll carry me  
Carry me through the storms  
Please stay  
Won't you stay  
Till the morning comes  
Morning comes  
Just stay

God can you hear me

I need you here tonight  
I'm tired of pretending that every thing's alright  
And I know, I know that you hold tomorrow  
But I need you here tonight

Tonight, tonight  
I need you tonight  
Tonight, tonight  
I need you, I need you
