[Brolik]

First I write it and then I correct it then I recite it  
Everybody's in rejoice delighted it  
Must be the voice look around you can see all the  
excitement  
Gotta verse for every beat you have loaded in that  
Triton  
Iron like the lion of Zion strength of Hercules  
And I want my pockets fat like those boys in  
Disorderlies  
Looking for that natural chick India Arie  
Puffing on that tropical shit no more black  
It's about time somebody had to bring the green back  
Less money in weed more consequences in crack fact  
So I chose to get off of the block get onto this beat  
Lay down a verse the adlibs'll make my song complete  
I take time when I write my classics  
Gettin' better every year like video game graphics  
nigga  
Load the clip cock it back

[Juganot]

Who in the room the monsoon comin' at high noon  
A whale in the rap game ready the harpoon  
Juganot takin' these fools back to school  
Back smack adolescent cats back in the womb  
Actin' a fool blazin' the haze with my crew  
Til' my face turn blue and I'm higher than K2  
Up in the club crunk and bumpin' dudes  
Getting drunk throwin' bottles of booze and barstools  
You get bruised quick with pool balls and cue sticks  
Left jabs uppercuts and mule kicks  
You in deep shit when I break out the tool kits  
Ain't no secret you need your attitude fixed  
So I pack the medicine clap at the menace  
Toss out the weapon bounce with my men and them  
Load the clip cock it back

[Kas]

Fuck the clique always act alone tote the gat for  
chaperone

Load the clip clap the chrome Watch the bullet crack ya'  
dome  
Hollow points attack the zone twist ya' shit snap ya'  
bones  
Brand new Ox out the box blow you like a saxophone  
Niggaz buy they gats to own I'm not the type of nigga  
Rather pop it in ya' liver then drop it in a river  
You rockin' with a nigga that's not well  
But dog I hold glocks well can't break dance but I pop  
well  
Im the type that'll put it in ya' mouth like Ak-nel  
Thinkin' I'm Italian cuz I'm servin' them hot shells

[Bugz]

You can find me on the block hustlin' pot til' I got sales  
I'm dirty like my underwears are stained and my sock  
smell  
I cop ---
