can say I erased you from my mind and everything with you
I'd forget about the friends we made if that's what I need to do
I cannot put the only way you exist is in a dream
It's the only way out of my reality

I can change the channel every time our show comes on
And get mad at the radio cause they just played your favorite song
I can find another girl and try to love you out my life
But it just gets harder every time I try

Oh, that's why I'm broken
And it's hurting me girl, cause I'm broken
Because of you I don't know if I'll love again
But I won't believe that this is the end
We'll be together once again
Because girl, I'm broken

I can take the pictures down we took
And throw them all away
Every letter you wrote, I'll forget what you have to say
Cause I'll never understand what you did to me that day
That's the only part of me I wish I can replace

Can't you see I'm broken
And it's hurting me girl, cause you just left me broken
You just left me broken
Because of you, I don't know if I can love again
But I won't believe that this is the end
We'll be together once again
Because girl I'm broken

If I had a choice, baby you'd still be right here with me
And if you gave me your voice, I would tell you I don't want you to leave

Don't you know I'm broken
And it's hurting me girl

Cause you just left me broken
Because of you I don't know if I can love again
But I won't believe that this is the end
We'll be together once again
Because girl I'm broken
(I'm broken)
And it's hurting me girl cause left me broken
Because of you I don't know if I can love again
But I won't believe that this is the end
We'll be together once again
And love can make it mend
Because girl I'm broken
