Forever and ever and ever and ever and ever and ever
and ever and ever and ever,
Forever girl,

Til awhile we had an argument, all I know is that my
baby left,
Now I'm looking at a photograph, thinking all about the
time we spent,
And I cant even be in the start, you not here it tears me
apart,
But you gotta know that I need you, girl I'm lost and
dont know where to go to
(Girl I'm lost and dont know where to go to)
I need you babe,

Chorus

Girl I'm missing you, need you in my life,
Cause I thought we'd be in love for a long time,
Even if you're gone, you'll be on my mind,
Forever and ever and ever and ever and ever and ever
and ever and ever and ever,
Forever girl,

I dont wanna hang out no more, tell me what am I
going for,
If you aint been in love (you wont understand)
And I dont wanna see you with another man (nother
man)
This is crazy, all you gotta do is come back,
Baby if you want the world then I'll get that,
Girl you know that I need you (need you),
Please tell me what I need to do (tell me what I need to
do x 3)
Oh, ohhhh I'm so tired of being without you,

[Chorus]

Why I gotta keep going through changes, your the
reason that I breathe,
Every girl I meet is nothing but a stranger, on the real
you're the one for me,

Tell me what would I be without you're love, to be a
friend is not enough,
Come back to me girl,
I've been missing you,

[Chorus] x 2

Forever and ever and ever and ever and ever and ever
and ever and ever and ever,
Forever girl.
