(Humming)

Mmmwooo wooh yea-eya...

Mm...

Wooooooh Wooooooh uuohhh...

(Verse 1)

I get a text on my phone saying I saw you in your car

I reply who is this

Sorry I don't know who you are

That chick on the passenger was she the one that you left me for

But you wasn't ready when I told you girl that I wanted more

You see me chilling' with my girl

Ain't nothing to talk about

You ain't my girl

So tell me what the hell we working out

Why are you crying?

My heart you denied it

This is what you decided

I ain't trying to hear it

(Hook)

Say what you mean

Mean what you say

Your apologize

Don't make it ok

When I loved you

You will love me

Now you ready

I just don't believe you

(Chorus)

You tell me you miss me

Say that you need me

Say that you wish we

Neva woulda said goodbye

Now you wonder who is she

Heard(??) you ain't with me

And all this would not be

If you woulda let me in (me in) x5

If you woulda let me in (me in) x5

If you woulda let me in

(Verse 2)

Why you gotta do this now  
When I was tryna get with you  
Everytime you turned me down  
I was ready to give you the world  
If you woulda said the word  
But I don't think it would have been enough  
Why should I do it for?  
She would have been you

But you're too confused on what you want  
And now I'm with her  
And I'm happy with the one I got  
Stop with the crying  
I made my decision  
If you would off listen  
Now look what you're missing

(Hook)

Say what you mean  
Mean what you say  
Your apologize  
Don't make it ok  
When I loved you  
You will love me  
Now you ready  
I just don't believe you

(Chorus)

You tell me you miss me  
Say that you need me  
Say that you wish we  
Neva woulda said goodbye  
Now you wonder who is she  
Heard(??) you ain't with me  
And all this would not be  
If you woulda let me in (me in) x5  
If you woulda let me in (me in) x5  
If you woulda let me in

Let me (you would of) let me  
You would of let me in (let me)  
You would of let me... ohhh  
You would of (let me)  
You would of let me in

(Chorus)

You tell me you miss me  
Say that you need me

Say that you wish we  
Neva woulda said goodbye  
Now you wonder who is she  
Heard(??) you ain't with me  
And all this would not be  
If you woulda let me in (me in) x5  
If you woulda let me in (me in) x5  
If you woulda let me in

If you would of let me in  
If you would of let me... you know me  
If you would of let me in... oohhwoo
