i'm just laying in my bed (bed)
hand up on my head (head)
can't get any rest
thinking what you said to me
that maybe we're not meant to be
you said i never make no time for you,
more important things to do,
don't know how to open up,
never did the little things
i didn't know how much you mean
(?) kiss in the rain no more
cos now it hurts like never before
i can't go another day leaving with this pain in my life

without you baby
i'll die, i'll die, i'll die..
cos i don't wanna live without you
don't let me
die, die, die..
it's killing me to be without you, without you

the mention of your name
is driving me insane
i'm getting way outta control
cos i don't know how to let you go
and the promises i didn't keep,
unspoken apologies,
places that we'll never see,
things i never got to say
and i hope that it's not too late
cos you're the only one for me (yeah)
(?) crazy not to see (yeah)
wherever you are,
whomever you're with
i miss you
and that ain't no way to live

when i'll die, i'll die, i'll die..
cos i don't wanna live without you
don't let me
die, die, die..

it's killing me to be without you, without you

wish there was a way to get things back
to the time when you said you love me
trying to figure out just where it got so bad
when i only want to make you happy
i'm losing all my strength, feeling so lifeless
you're the only love i know
and that's why i'm holding (holding on to)

cos without you baby
i'll die, i'll die (baby i'll die), i'll die..
cos i don't wanna live without you
don't let me
die (die, die), die (don't let me die), die..
it's killing me to live without you, without you
die (baby i will die for you)
i'll die (baby i will die for you)
i'll die (baby i will die for you)
cos i don't wanna live without you
don't let me die (baby i will die for you)
i'll die (baby i will die for you)
i'll die (baby i will die for you)
it's killing me to be without you, without you
