Oh Yea
Ooh ooh ah

Didn't wanna believe it when it happened
The pain was so much more than you could
imagine(imagine)
To see the one you love walk away from you(ah ha)
And leave her with one question what did I do?(what
did I do?)
Why'd you let my heart fall to the ground
But that karma girl it comes back around
Now you're calling me to let you back in
But I can't let you hurt me like that again(no no)

Chorus:
How you gonna tell me it's me that you miss
Then go and hurt me like that
when everything that I did
I did for you you you
because I loved you you you
And now you're thinking bout me cause your life is a
mess
And now you realize I told you the truth when I said
I loved you you you
Girl I loved you you you

Was barely breathing on my own
And I found it hard to pick it up when I saw your name
on the phone
And I already know what you're gonna say
But all I have to tell you is you should've stayed
You have a broken heart that only I can mend
You prized the enemy don't let it win again
Girl you're wishing I was back in your life
Now I'm just hoping that it's worth it this time

Chorus:
How you gonna tell me it's me that you miss
Then go and hurt me like that
when everything that I did
I did for you you you

because I loved you you you
And now you're thinking bout me cause your life is a
mess
And now you realize I told you the truth when I said
I loved you you you
Girl I loved you you you

Bridge:
Girl I loved you
I wanna get back at my world
because you are my girl

Chorus:
How you gonna tell me it's me that you miss
Then go and hurt me like that
when everything that I did
I did for you you you
because I loved you you you
And now you're thinking bout me cause your life is a
mess
And now you realize I told you the truth when I said
I loved you you you
Girl I loved you you you
