i just wanna get to know ya

what it will be if you and me got together (yeah)  
would be magic, won't believe it  
girl don't (?), gotta see it  
(?) can't no one do it better (whoa whoa)  
don't be shy, don't be scared  
take the truth if you dare  
what would happen girl if you'd say yes  
if it's cool can you play but baby this ain't no game  
i'll give you something you won't regret

cos you're worth spending my money  
you're worth calling my girl  
you're worth more than the gold and the diamonds in  
the world  
you're worth more than a (?)  
you're worth all of my life  
every moment i spend with you  
baby you're worth it

beautiful yes you are  
got me working real hard  
to (?)  
seems like everything you say come out cliche©  
i hope you're feeling me

and i know i'm your type  
i'll make you feel special if you say yes  
whatever you had before i  
it's in the past (?)  
give you a love that's hard to forget

cos you're worth spending my money  
you're worth calling my girl  
you're worth more than the gold and the diamonds in  
the world  
you're worth more than a (?)  
you're worth all of my life (all of my life)  
every moment i spend with you

baby you're worth it  
girl you're worth it  
anything in this world (oh oh oh)

baby you're worth spending my money  
you're worth calling my girl  
you're worth more than the gold and the diamonds in  
the world  
you're worth more than a (?)  
you're worth all of my life  
every moment i spend with you  
baby you're worth it

cos you're worth spending my money  
you're worth calling my girl  
you're worth more than the gold and the diamonds in  
the world  
you're worth more than a (?)  
you're worth all of my life  
every moment i spend with you  
baby you're worth it
