It's heard every place, you'll find the clan rolls by

Pick your skates, turn your wheels

You're gonna be surprised how your torso feels!

Oui! Oui!

Because in Paree, in gay Paree 'cross the sea

"Zey" are bigger "zan" none had ever used to be

Turn yo' hips, take 'em up

The ever lovely roller skate rag is on the top!

Keep yo' eyes around the take

Get yo' torso undulated

Be forever syncopated, knotty

And accelerate

The ever lovely roller skate rag is on the top!
