Further on down the road babe, you will accompany me
Further on down the road babe, you will accompany me

When I think back, your love was like the sun
And I don't remember no cold days, now, I just
remember the warm ones
Further on down the road baby, you will accompany me

If a fusing life that I'd had before I would rather be
But baby, I'd be glad to learn from you
And darlin', I know you'd be glad to learn from me

And if we get down and things get sad
We can tear up each other [Incomprehensible]
Things just ain't that bad, babe
If a fusing life that I'd had before, I'd rather be

Day by day, just one step, just one step at a time
'Cause woman you have given me so much
Just an easy stub in your aching heart

I don't know where they came from and I don't care
what they might say
Woman, you be loving in my corner, oh, oh, oh, all the
way
Day by day, and the magic of kindness floating all the
time

Further on down the road, baby, you will accompany
me
Oh, I'm hoping
Further on down the road, baby, you will accompany
me
Ohh baby, can't you hear me prayin'

When I look back, your love was like the sun
And I don't remember any cold days, I just remember
the warm, warm fun
Further on down the road, baby, you will accompany
me

Ooh babe, oh babe, oh babe

Oh babe, ooh babe, oh babe, oh babe
Ooh babe, oh darlin', oh babe, oh darlin'
Oh babe, oh darlin', [Incomprehensible]
