Though you flayed at love and lost
And sorrow's turned your heart to frost
I will mend your heart again

Remember the feeling as a child
When you woke up and morning smiled
It's time, it's time, it's time you felt like that again

There is just no percentage in remembering the past
It's time you learned to live again and love at last

Come with me leave your yesterday, your yesterday
behind
And take a giant step outside your mind

You stare at me with disbelief
You say for you there's no relief
But girl, I swear, it won't do you no harm

Don't sit there, in your lonely room
Just looking back inside that gloom
Mama, that's not where you belong

Come with me, I'll take you where the taste of life is
green
And everyday, everyday, hold on woman, just got to be
seen

Come with me, leave your yesterday, your yesterday
behind
And take a giant step outside your mind

Though you've played the love and lost
And sorrows have turned your heart to frost
I will mend your heart again

Remember the feeling as a child
When you woke up and morning smiled
It's time, it's time, it's time you felt like that again

There is just no percentage in remembering the past
It's time you learned to live again and love at last

Come with me, leave your yesterday, your yesterday
behind
And take a giant step outside your mind
