You liked me till' you heard my shit on the radio  
Well I hate to say but pop aint' going solo  
You liked me till' you heard my shit on the radio  
But now I'm just too mainstream for you, oh no  
You liked me till' you seen me on your t.v.  
Well if you're so low below then why you watching  
You say good things come to those who wait  
Well I've been waiting a long time for it

Chorus:

I remember the days when I was so eager to satisfy you  
And be less then I was just to prove I could walk beside  
you  
Now that I've flown away I see you've chosen to stay  
behind me  
And still you curse the day I decided to stay true to  
myself

You say your quest is to bring it higher  
Well I never seen change without a fire  
But from your mouth I have seen a lot of burning  
But underneath I think it's a lot of yearning  
Your face, the colours change from green to yellow  
To the point where you can't even say hello  
You tell me you'd kill me if I ever snob you out  
Like that's what you'd expect from me, like that's what  
I'm about

Chorus

Bridge:

It's so much easier to stay down there guaranteeing  
you're cool  
Than to sit up here exposing myself trying to break  
through  
Than to burn in the spotlight, turn in the spitfire  
Scream without making a sound, be up here and not  
look down  
because we're all afraid of heights

Chorus

Why ya hurt me hurt me hurt me hurt me hurt me hurt  
me so so,  
leave me down down down down low leave me down  
da down down da down da down down down  
...shit on the radio... shit on the radio... shit on the  
radio... shit on the radio
