if i became insane i'd change the way  
i smell perfume because it hurts my brain  
i'll talk along because i like the company  
i'd make your daddy proud

i've been dreaming every day so far  
so tell me when did i become a cow  
i could eat the sea from in my dream  
and i'll be smiling when my friends give out

if i could make my way into the sea  
i could forget about my velcro knees  
my stranger ways could change the range of all my  
days  
i'd make your daddy proud

i've been dreaming every day so far  
so tell me when did i become a cow  
i could eat the sea from in my dream  
and i'll be smiling when my friends skip out
