featuring The Twinz

[Warren G]

The place is here, the time is right

for the Twinz and Warren G to rip shit tonight, right

[Trip Locc]

Hold on tight to your seat

comin from the city thats low, urban life near the beach  
peep

So come one, come all, fall into my smooth flow

its the Trip LO double C yo

the game is trump tight, ain't no need for you to boo  
me

cuz after its over, all you hoes goin wanna do me

its part of the plan to get mine from the jump

G-Dub hooked it up, so you know its gotta straight  
bump

a typical day on the eastside

a lot of gangstas buck mouths

and brothas slangin bean pies

but thats how it goes in the city where I was born

familys mourn, niggaz slippin, never gettin born

so thats why you gotta stay alert,

cuz everyday somebody's out, they tryin to put in a  
little work

for the hood, or just on the solo

walkin in Long Beach real late is a no no

but dont let me scare you, you do what you gotta do

respect is a must, checkin niggaz that try to check you

(Chorus)

Y'all's niggaz betta recognize,

focus your eyes cuz my homey's high

Y'all's niggaz betta recognize,

E..E...E...E...Eastside

[Warren G]

Tick, tock, tickin to the Era

its Warren G with the Twinz funk Era

N to the A to the T to the E

The S to the N to the double O P

[Wayniac]

I'm a take you on a trip,

so keep the game I display mane

I run it to ya in a gangsta kinda way (hey)

its all good when you dealin wit tha Locc

stlll blazed the smoke wit the homies and the kin-folk

and ain't no nigga gonna be takin mine

I'm servin niggaz with a quicka picka up and on as a  
nine

so if you really wanna watch this trigga flow

its kinda itchy but I know I shoulda pulled it a long time

ago

cuz I be connectin like dot to dot

so when it gets hot well I gotta shake the spot

and move to that other level see Wayniac comin  
through in 94 LBC

(Chorus)

[Twinz]

Now you know the game and the games complete

(whys that?) cuz the Twinz are bringin nuthin but heat

and ya know you didn't wanna see the Cavi flow

(what kinda flow) the kinda flow that'll make you slow  
ya roll (ahh)

[Warren G]

so open your eyes and pay attention

its two of my homies on a muthafuckin mission

[Twinz]

and I, kicks up dust cuz its a must

and I, acts a fool cuz its my rule

So need we say more on this topic

Warren G droppped it

put it in track and we locked it

nigga did I rock it?

nigga did I rock it?

[Warren G]

It really doesn't matter cuz its still only poppin

(Chorus) x2
