Microphone check one two uh

and you don't stop

microphone check one two uh

and ya don't quit

Microphone check one two one two

Let me clear my throat so I can do what I gotta do

It's espresso, mandle that I'm stacked

Niggaz, tryin to corner the market but I'm back

Bang to the boogie, and boogie to the bang

It's G-Funk for life sewing up everything

Little locs, pay attention

Do I or should I have to mention

44 ways where the grass is greener

from OG to BG is a misdemeanor

St. Mary's Hospital, 10:20 AM

on the street called Atlantic is where I began

Ola May, uh, thats my lady, she made me

on a street under the bridge called hill, thats where she
raised me

(Chorus 4X)

Transformers, busters in disguise

I say chitty chitty bang bang
brothers wanna gang bang
tryin to represent but dont know about the gang thang
21st where it all begun
begun us on the corner with the homies havin fun
I was a youngsta, peepin from the other corner
seeing sets in the air with big arms now I wanna
be like them, and act like them
and stack like them and try to mack like them
shit, its hard being Warren G from the LB
and like the G's before, you know me
so I'm a stay down, for the eastside
not like you busters, transformers in disguise

Chorus

One to twenty-one, and you know I ain't gonna stall
I gotta give it up with the homie roll call
