(Lisa)

Untouchable, look at how you found me  
I'm lookin' around sayin' these are my friends  
It's a strange world my enemies are my friends  
More of the same street, same world, same problems  
Is this indifferent?  
Same drama, same karma, same mama  
Is it different?  
The only difference is me  
I see inside the truth  
Feel bad you don't know the day gon' come  
When God has taken you  
I see the invisible spirits, walkin' along the physical  
mind  
Of a crazy individual  
Where demons still find it livable  
I need a hug to hold my soul inside my body  
I got the secret here  
Yeah, I should have told somebody  
'Cause ever since I've been sayin' things I never meant  
It's like I was speakin' in tongues, the black breath in  
my lungs  
I won't allow it  
Where the cowards live under the dirt in the flowers  
Ready to come up in the darkest hour  
It ain't the courage of my persona  
You wanna admire it's the faith  
'Cause with the faith I can walk through the fire  
(Now feel me)

(Chorus)

I know you feel me it's the untouchable  
Make yourself presentable  
I'm listenin' to mysteries of the untold (uh-oh)  
Echoin' inside my soul  
I know you feel me it's the untouchable  
Make yourself presentable  
I'm listenin' to mysteries of the untold (uh-oh)  
Echoin' inside my soul

(Lisa)

Sometimes I'm feelin' like I'm sinkin'  
Thinkin' what it's like from on the other side  
When I look at myself it's like my love had died  
People thinkin' of gettin' richer  
I'm usin' the blood of the loves that I lost recently  
To paint a perfect picture  
Can you see the future, future endeavors  
That'll make us better  
Usin' the light from my wings to make us fly together  
Guide my people to a place like what you imagined  
My duty now is to God  
There's no more beauty pageants we gettin' the chance  
to thank Him  
Me and you finally for what they made  
Is it a game that they still playin'  
Look at us now we're rid of grief  
Payin' society's debt but life we still obeyin'  
Until then I'll follow the path  
Where will it lead?  
Much in between ashes and dust  
We must believe trickin' thee ain't trickin' me  
I got tricks up my sleeve  
They tryin' to market I'm tryin' to make my mark before  
I leave

(Chorus)

I know you feel me it's the untouchable  
Make yourself presentable  
I'm listenin' to mysteries of the untold (uh-oh)  
Echoin' inside my soul  
I know you feel me it's the untouchable  
Make yourself presentable  
I'm listenin' to mysteries of the untold (uh-oh)  
Echoin' inside my soul

(Lisa)

I know you feel me it's the untouchable  
Make yourself presentable, make yourself presentable

(2pac)

I will ride untouchable (I will ride)  
After the fire comes the rain  
After the pleasure there's pain  
Even though we broke for the moment  
We ball in the game  
Time to make y'all my military  
Be prepared for the busters  
I'mma let ya bitches that's scary  
Get to hear me no questions  
Visions of overpacked prisons

Flingin's and niggas thug livin', precious  
Three strikes, I hope they don't test us  
And pull a heater ammunition is great  
Move without a sound  
And we slide down pistols in place  
I'm sensin' niggas just defenses  
From hittin' bitches to gettin' those  
Who can prevent the shootin' senses  
At these niggas throats only wish to breed  
I explode into a million seeds y'all remember me  
Legendary live eternally then bury me in pieces  
'Cause they fear reincarnation, niggas screamin' peace  
'Cause they fear  
We must wanna face 'em, take 'em to places  
Fake their fates then erase 'em, and break 'em  
Murder my niggas I'm tired of waitin'  
Now quicken the pace  
Blast me but never ask me to live a lie  
Am I wrong 'cause I wanna get it on til' I die?  
Now worldwide  
Niggas got the black girls, they hide  
No offense to Nas  
But this whole fuckin' world is mine  
Even if you blind  
You can still see my prophecy  
My destiny to overthrow  
Those on top of me fiendin' for currency  
The money be callin'  
Can you feel me dreamin'?  
Seein' scenes of me ballin'?  
Niggas that made niggas and that bitch  
What you goin' through  
Outlaws bustin' while we rush it  
Untouchable  
Niggas that play fucked up now what you goin' through  
We outlaws rushin' 'em bustin'  
We untouchable, untouchable, untouchable (uh-oh)

Echoin' inside my soul, untouchable (uh-oh)  
Echoin' inside my soul, untouchable (uh-oh)  
Echoin' inside my soul, untouchable (uh-oh)  
Echoin' inside my soul, untouchable (uh-oh)

Echoin' inside my soul  
Ya'll niggas never stop, you never drop, you never let  
me fall  
Me 2Pacalypse  
All I know how to do is ball, ball, ball  
My true fuckin' niggas survived reincarnation  
After I'm dead they'll rock and roll  
And bring the funk to the whole nation

And you know these fuckin' niggas  
Have a gun with my name on it, untouchable  
I spit the game so clear it's playin' on it  
When I'm dead  
My niggas will ride for me  
Untouchable (untouchable)  
Untouchable (untouchable)  
Untouchable (untouchable)  
Expect me like you expect Jesus to come back  
Expect me nigga, I'm comin'
