Take it away. Take it away.  
Take away these feelings cuz they're bringing me  
down.  
Cuz I can't breathe. Feels like I can't breathe.  
Feels just like this whole world's coming down on me.

Oh, can I be forgiven for all I have done?

Can you set me free? Can you set me free?  
Set me free from all this pain life's done to me.

If you can hear me praying, then I'll ask one more time.

Can you take it away, Lord? Oh, can I be forgiven?  
Can you take it away, Lord? Help me change my ways  
of living.

Oh, can I be forgiven for all I have done?  
Is there time for me? Is there still time for me?  
Time to change whatever I've got left of me.

If you can hear me praying, then I'll ask one more time.

Can you take it away, Lord? Oh, can I be forgiven?  
Can you take it away, Lord? Help me change my ways  
of living.

Echale.
