"Loving You Always"

I think it's time we both sat down to talk. No, don't walk away.

Let me say just how I feel for you. You just might want to stay.

I want to be with you...Only you...Always.

I'll make your dreams come true...Loving you...Always.

Every day I want to share with you just what's inside of me.

Ain't no love out there for me but you, so please hear me say...

I want to be with you...Only you...Always.

I'll make your dreams come true...Loving you...Always.

Don't you see I just can't let you go? So, don't blow us away.

What the future holds, we'll never know, but this much I can say...

Hey, I want to be with you...Only you...Always.

I'll make your dreams come true...Loving you...Always.

I'll make your dreams come true...Loving you...Always
