Guess I'll lay here in my bed
Racing thoughts run through my head
I just saw you passin' by
Stopped to look me in the eye

If I leave it up to time
And somehow shake you from my mind
Your kisses soft and your eyes so deep
Let's not forget your pretty lies to me

And I,
Thought that memories died
Guess they know when to hide
I wanna forget you, how could I?
I thought that memories died

I've forgiven everything
Oh I can't forget a thing
Well I saved all my memories
Even though you're gone

Oh.....

Well I know from time to time
That you have me on your mind
'Cuz I loved you tenderly
But somehow you slipped away from me

And I
Thought that memories died
I guess they know when to hide
I wanna forget you
How..... could..... I.....
I thought that memories died

Oh.....

I thought that memories died
I thought that memories died
I thought that memories died
I thought that memories died

I thought that memories died
I thought that memories died
I thought that memories died
