Well, all right, so I've been foolish  
Well, all right, let people know  
'Bout the dreams and wishes that you dream  
In the night when lights are low

Well, all right, well, all right  
You know we'll live and love with all our might  
Well, all right, well, all right  
You know our lifetime love will be all right

Well, all right, so I'm not working  
Well, all right, let people say  
That those foolish kids can't be ready  
For the love that comes their way
