No, don't make that misstake

What can she give you, that i can't give you
You'd only be blue
What is it worth, the earth?
You will be crying
You will be lonely
What can she give you,
that I can't give you?

Dont make that misstake
You will cry
Your heart will breake.
No, don't make that misstake
You'll regret
the steps you take.

How can she love you
better than I?
Think it all over
before you say goodbye

Don't make that misstake
No don't make that misstake

I heard about her,
she's just a cheater
So think it over
what is it worth, the earth?
You will be crying
You will be lonely
How can she love you,
better than I do

Don't make that misstake
You will cry
Your heart will breake
No, dont make that misstake
You'll regret
the steps you take

How can she love you,
better than I?
What can I tell you,
if you say goodbye?

Don't make that mistake.
No don't make that mistake
That mistake
That mistake
That mistake
That mistake
