I want to believe forever
I want to keep thinking until the end
There should be some meaning to my life

Smiling with cold eyes
Do guys who have had their souls violated
Feel the pain of shedding tears?

In this kind of world where you can't say what you want
Poison
I'll keep on living without deceiving myself
Oh oh

Now facing it head on
In order to keep our pride
We have to fight

Sitting on the stairs
We talked of unending dreams
Until dawn

The seasons change unconcerned
I unconsciously drop my gaze
Am I getting used to being swept away?
In this kind of world where you can't have even small
dreams
Poison
I want to always and at any time like who I am
Oh oh

Because I want to treasure
These days that I live with freedom
Now I'll walk the path that I want to

I don't want to be manipulated by filthy lies and words
I don't want to turn my eyes away from my true feelings

In this kind of world where you can't say what you want
Poison
I'll keep on living without deceiving myself
Oh oh

Now facing it head on
In order to keep our pride
We have to fight
