It's hard to find love  
It's not complicated  
It's hard to see life when we all seem so jaded  
I don't know  
you do 't know  
why can't I find a way to show  
you now  
It's hard for me to smile  
when I get so frustrated  
you can't steel her heart  
their locked and their gated  
I don't know  
you don't know  
I wanna find a place to go where you are  
I've been up  
I've been down  
you know I might smile  
you know I might frown  
I just love  
when your around  
I wanna be  
I wanna be  
I wanna be  
where you are  
where you are  
I'm walking around  
and I don't hear a sound  
except for the memory  
of love that I found  
I wanna see  
what you see  
do you know what we could be  
Even in the dark I'll take your hand  
and walk down this road  
that ends where you stand  
I won't know  
you won't know  
you've given me a place to go  
where you are  
I've been up  
I've been down

you know I might smile  
you know I might frown  
I just love  
when your around  
I wanna be  
I wanna be  
I wanna be  
where you are  
I'll give you my thoughts that I've held for so long  
scared to let go  
what if I'm wrong  
I'll sit here tonight  
I don't care if I'm right  
I just wanna be where you are  
I've been up  
I've been down  
you know I might smile  
you know I might frown  
I just love  
when your around  
I wanna be  
I wanna be  
I wanna be  
(where you are)  
I've been up  
I've been down  
(where you are)  
you know I might smile  
you know I might frown  
(where you are)  
I just love  
when your around  
I wanna be...  
I wanna be...  
I wanna be  
I wanna be  
I wanna be  
where you are  
where you are
