It's four in the mornin' and my hearts on fire
I don't need no coffee 'cause I'm already wired
I been tossin' and turnin' the whole night through
I can't stop wonderin' what to do about you

[Chorus]

Wonderin' what to do about that long sweet kiss
You planted on me in the desert last night
The way that you held me and the look in your eyes
Under the stars in the full moonlight
You took me by the hand and said your love is true
Now I can't stop wonderin' what to do about you

You're no two-dollar pistol, you're a Colt '45
So if I act a little nervous, well, I'm just gun-shy
I had a string of bad love and it left me blue
And now I can't stop wonderin' what to do about you

[Chorus]

Wonderin' what to do about that long sweet kiss
You planted on me in the desert last night
The way that you held me and the look in your eyes
Under the stars in the full moonlight
You took me by the hand and said your love is true
Now I can't stop wonderin' what to do about you

Yeah, you took me by the hand and said your love is true
Now I can't stop wonderin' what to do about you
I can't stop wonderin' what to do about you
