I will Do For You  
(repeat X4)

[Father MC]  
Well excuse me let me let you know the time  
On how i feel and whats on my mind  
Its you that I want to be in my life  
And if its possible you will be my wife  
I lead you in the right direction, of course  
Never play you out, so theres no laws  
I'll be your love daddy just wait and see  
That me and you, we were ment to be

Chorus X4

[Father MC]  
I wanna treat ya like a queen  
Cook and clean  
Get yo bubble bath ready so I can rub you where not  
seen  
And watch how gentle I'll be when I rub your back  
And after that theres aradiant coniac  
A little romance for the quiet storm  
And ah lotta lovin for the whole night long  
I'm gonna caress ya body and give you a kiss  
And ah rub you down where you been missed  
Nibble and your navel and kiss your thigh  
Play with your hair cause I'm on a love high  
Well I don't know its the way that I am  
Introduce me to yo mother and I'll say hello mam  
Well I don't know its the way I was brought up  
Respect my female and never get caught up  
In another affair and I believe the same

If you try to be slick then the doors will open

Chorus X4

[Father MC] {Interlude}

Yeah you know sweetheart

I told you once

And i feel i don't have to tell you anymore

It's you that i want, and it's you

That i'll do for

[Father MC]

Since we both know what we want lets get it together

And fly like two birds up a feather

Cause I'm ah protect me and look out for my

Feelings and thats why I always try

To be loyal and gentle and lay and lent

Observe the female incase I must leave camp

And if I have to break out you don't deserve

To live a good life and love a black hummin bird

It may be sexy but it is true

If you try adore then I'll adore you

And if you treat me then

I'll treat you wit opens arms and a rose just to greet you

Love you dearly respect and care for

You my dear so how could you ignore

The way I feel is real from the start

So I stop playin games and mastered the art

Chorus X8

till fade
